Christ Pur and Huile de Passage candle with rapeseed oil and wide wick

Composition and realization Christian Piaget

Never leave burning candles unattended.

Place burning candles at least 10 cm apart.

Keep out of the reach of children or pets.

Always place candles on a fire-proof support.

Keep burning candles away from inflammable objects.

Candles that stand in a draught may not burn down evenly. Do not let the candle stand in the sun as it may lose its shape or colour intensity.

Keep the wick trimmed.

Caution.

You will have hours of enjoyment from your candles if you follow this advice:

- To obtain a beautiful effect, the first time, let the candle burn for 1 to 2 hours, extinguish it with a handkerchief wick and then,
- Cut the wick to 5 mm each time before use and relighting the flame.
- The candle burns about 90 hours.
- Should the wax overflow, put out the flame and pinch the opening together in order to close it; when the wax is solid again, you may relight the candle Christ Pur and Huile de Passage.
